The Nursery department at LACPC envisions a children's ministry that follows the overarching theme of the education department, "Father's House." Through nursery department's worship, guidance, and nurturing, we hope to establish the following:

- 1  
Family worships and communication with families that will enrich the spiritual lives of our young children.
- 2  
Family visitations that will enhance experiencing the love of God.
- 3  
Revival and acceptance of multicultural children and families.

As a goal, let children grow in the Lord Jesus Christ, building the image of God through the "Word of God." Becoming disciples of Jesus in the joy of worshipping God as well as becoming evangelist of Jesus in Children's lives.

For families, let Christian education builds up in a family and provide parents with training opportunities and teaching materials to be active ministry supporters.

We belong to God and belonging to God is the greatest blessing and encouragement that anyone can have. Being His is a great blessing but another aspect of being His is to live and die for Him. Our lives belong to Him therefore we should live our lives according to His will.

Our mission is to help take the next step in their spiritual lives and grow in maturity in their relationship with Jesus. The high school years are a challenging time when students have so many other activities competing for their time and energy, and we emphasize prioritizing their personal relationship with Jesus amidst all of the busyness in their lives. Students are encouraged to go beyond a simple emotional relationship with God and have a relationship marked by spiritual discipline and obedience.
